Dear Colleagues

ICAR-National Dairy Research Institute (ICAR-NDRI) Karnal, and Indian Association for the Advancement of Veterinary Research (IAAVR) are delighted to invite you to the 27th Indian Veterinary Congress & 34th Annual Conference of IAAVR and National Symposium on **"One Health in Dairying: Integrating Animal, Human & Environmental Health for Safe Milk Production"** *to be held from* **3-4 February 2027 at ICAR-NDRI, Karnal.** *The Congress will serve as a vibrant platform for scientific exchange, interdisciplinary dialogue and knowledge sharing, bringing together scientists, researchers, veterinarians, teachers, academicians, policymakers and professionals from veterinary, animal, dairy, food, medical, biomedical and allied biological sciences. The scientific programme will feature plenary lectures and technical* **sessions** *encompassing recent advances in conventional, molecular and biotechnological approaches; next-generation vaccines and diagnostics; artificial intelligence and machine learning in livestock health, production and reproduction; antimicrobial resistance; One Health approaches for disease prevention and control; innovations in dairy food processing, food safety and quality assurance; and other emerging areas of biological and life sciences. With a strong focus on One Health, innovation, sustainability and translational research, the Congress will foster interdisciplinary collaboration and promote the development of science-driven solutions for animal health, human health, environmental sustainability and safe, nutritious food, thereby contributing to the national vision of* **Viksit Bharat@2047.**

About ICAR-NDRI, Karnal

ICAR-National Dairy Research Institute (NDRI), Karnal, stands as 104 years old premier national institution at the forefront of dairy science, dedicated to advancing research, education and extension for the sustainable development of India's dairy sector. With a rich legacy of scientific excellence and innovation, the Institute has pioneered numerous cost-effective, farmer-centric technologies that enhance dairy productivity, strengthen livelihoods and contribute to the economic prosperity of dairy farmers, earning it recognition as a leading center of dairy research and education at the national and global level. Through cutting-edge research, excellence in teaching and effective technology dissemination, NDRI is committed to generating skilled human resources and translating scientific knowledge into practical solutions that address the evolving needs of the nation. The Institute continually aligns its R&D programmes with the priorities of food and nutritional security, sustainable dairy development, technological innovation and rural prosperity, while fostering the adoption of science-driven solutions from the laboratory to the field. As India moves towards a self-reliant, sustainable and globally competitive dairy sector, ICAR-NDRI remains committed to transforming knowledge into impact, empowering dairy farmers and contributing to the vision of Viksit Bharat@2047.

About IAAVR
